

SR-100FP

Manufactured by UNIONCOMMUNITY Co. Ltd (South Korea) ViRDI is an award winning range of integrated Biometric, RFID and Mifare terminals

- Access Control
- Time & Attendance

Utilising patented technologies ViRDI is one of the most popular and secure Biometric terminals

- Highest Ranked Algorithm (**FVC Ongoing**)
- Patented Live & Fake Fingerprint Detection
- Patented Fingerprint Sensors
- Patented Communication Protocol

The **SR-100FP** is an integrated biometric and card reader slave terminal for the AC2100 and AC2100H series biometric terminals. It utilises the on-board intelligence of the terminal it is connected to and contains no internal relays. Best suited for installations where low traffic volumes are the norm and budgets do not allow for dual terminals on a single access point. Not for use with Turnstiles or Boom Gate systems

Features:

- ViRDI patented Fingerprint Module with Live & Fake Fingerprint Detection
- 125KHz or 13.56MHz card reader
- LED Confirmation of Transaction
- Sound Confirmation of Transaction
- RS 485 Secure Communication with the ViRDI terminal
- 5 VDC from ViRDI Terminal
- Local Anti-Passback
- Displays as an "OUT" transaction in UNIS

Accessories:

- ACC260: S/S Vertical Robust Enclosure
