

80101-ZT

ZP-ECU-S Extinguishing status unit

General

The Ziton ZP-ECU-S extinguishing status unit is designed to connect to a ZP-ECU extinguishing control unit.

Control

The status unit has key switches to enable remote control of the extinguishing control unit for automatic or manual selection, as well as lock-off for maintenance.

Other controls are:

- * a manual extinguishant release call point fitted to the unit
- * an alarm silence push button
- * an extinguishant hold off button to allow for additional evacuation time

Indicators

Indicators mimic those on the extinguishing control unit for automatic, manual, locked-off, extinguishant discharged and reset status.

Details

- Provides remote control of the extinguishing control unit
- Indicators mimic those on the extinguishing control unit
- Up to 10 status units may be connected to any one extinguishing control unit

80101-ZT

ZP-ECU-S Extinguishing status unit

Technical specifications

General

Status indication	LEDs
Compatibility	ZP-ECU
Addressing method	No addressing required

Electrical

Power supply type	24 VDC
Operating voltage	24 VDC

Physical

Physical dimensions	300 x 230 x 100 mm
Colour	Ash grey
Mounting type	Surface mount

Environmental

Vandal proof	No
Environment	Indoor

Regulatory

Compliance	CE, REACH, RoHS 3, WEEE
