

DM700B03-KITR

MCP Blue, Push Button - Extinguishing Hold, Surface Mount, Cover

General

The DM700B09-KITR is a blue, push button manual call point for indoor applications. It provides a non-latching push button, which is normally required for extinguishing systems as a temporary hold/stop until the area has been evacuated. It offers a single pole, changeover contact with common, normally open and normally closed connections.

Details

- Protection hinged cover with Anti-Tamper facility
- Easy to install
- High quality push button
