

# PS54VDC72W-EU

**54 VDC, 72 W output Power Supply with EU wall plug**

## Overview

---

Carrier Fire & Security's wide range of power supplies provide solutions for all the majority of various applications. Available in wall format with adaptors, Carrier Fire & Security supplies can be used with all major power plugs. Solutions include both in wall and "power brick" configurations. Switching supplies include advanced technology and power savings, meeting Level V (5) International Efficiency in compliance with California Energy Commission, Energy Star and the EU Code of Conduct for external power supplies. Supplies can be mixed and matched to a variety of Carrier Fire & Security products to meet installation requirements.

## Details

---

- CE approved
- UL approved
- CSA approved
- Compact power supplies for use with PoE Switches Media Converters
- Low voltage outputs
- Models for Europe and UK region
- In line power supply

# PS54VDC72W-EU

## 54 VDC, 72 W output Power Supply with EU wall plug

### Technical specifications

#### Output

|                      |        |
|----------------------|--------|
| Power output voltage | 54 VDC |
|----------------------|--------|

#### Electrical

|                 |                              |
|-----------------|------------------------------|
| Mains input     | 90 to 264 VAC<br>47 to 63 Hz |
| Power plug type | EU, Jack                     |
| Current         | 1.33A                        |
| Type            | In Line                      |

#### Physical

|                     |                  |
|---------------------|------------------|
| Physical dimensions | 49 x 115 x 30 mm |
| Net weight          | 204 g            |

#### Regulatory

|                         |                      |
|-------------------------|----------------------|
| EMC                     | CISPR 22 Class B     |
| EMC                     | EN55022 Class B      |
| EMC                     | EN61204-3 Class B    |
| EMC                     | FCC parts 15 Class B |
| BSMI : EMS requirements | EN55024              |
| BSMI : EMS requirements | IEC-61000-4-2        |
| BSMI : EMS requirements | IEC-61000-4-3        |
| BSMI : EMS requirements | IEC-61000-4-4        |
| BSMI : EMS requirements | IEC-61000-4-5        |
| BSMI : EMS requirements | IEC-61000-4-6        |
| BSMI : EMS requirements | IEC-61000-4-8        |
| BSMI : EMS requirements | IEC-61000-4-11       |
| Safety Requirements     | IEC 60950            |
| Safety Requirements     | UL 60950-1TUV        |
| Safety Requirements     | Efficiency Level IV  |
| Regulation Compliance   | FCC Part 15          |
| Regulation Compliance   | CE                   |
| Safety                  | cUL                  |
| Safety                  | UL                   |
